## **MEDIA RELEASE**

As part of our efforts to communicate with the Grayson community and continue to grow our school, we share pictures of students and their activities in our newsletters, posters, press releases, flyers, advertising, social media, and on our website. It is our policy not to identify your child by their full name in any external communications. If a student wishes to be featured by name for a special media opportunity (e.g. a student spotlight in a Grayson School publication, a quotation in the local paper, etc.), we will contact you to request explicit permission.

We will not share your child's image without your permission. Please read and respond to the options below, and know that if you choose not to grant permission, this will in no way affect your child's opportunity to participate in our programs or events.

I, the undersigned, being legal guardian of \_\_\_\_\_, grant to The Grayson School (TGS) the right to use my child's photograph, likeness, video, or video recording for broadcast or publication in any and all media. I hereby release any claims of copyright, libel, slander, violation of privacy, or similar rights that I may have. There is no expiration date on this release; I will not seek compensation for usage. I understand that I may revoke the permission I have granted by this release at any time by notifying the school in writing. I understand that no further usage of my child's image will be published from the date of receipt of this notice, and I further understand that any images printed or published during the approved release period may still be in distribution or use.

OPT OUT: I do not grant permission to use my child's photograph, likeness, video, or video recording for broadcast or publication in any and all media.
